

Vouvray Blanc Moelleux La Javeline

AOP Vouvray, Vallée de la Loire et Centre, France

Known for its ability to produce great sweet wines, the Chenin blanc grape variety, known locally as Pineau de la Loire, benefits from a microclimate that is conducive to over-ripening and the development of Botrytis Cinerea. It is harvested manually by successive selections.

LOCATION

The vineyard is located east of Tours.

TERROIR

The vineyard of Vouvray extends over 2000 hectares on a clay-limestone soil. The Chenin Blanc, also called Pineau de Loire, benefits from a beautiful exposure overlooking the Loire. The grapes are harvested at full maturity. The sunny late season allowed us to achieve a high level of aromatic richness and natural concentration and to obtain a good balance between freshness and sweetness.

WINEMAKING

Pressing. Light settling then slow fermentation at low temperature (18°C).

AGEING

Aged on fine lees for 6 months then bottled in the spring.

VARIETAL

Chenin blanc 100%

SERVING
