Touraine Sauvignon Grain d'Expression

AOP Touraine, Vallée de la Loire et Centre, France

Grain d'Expression is a range of wines without added sulphites. It allows the terroir and the aromas of the grapes to express themselves freely. Without artificial additives, rediscover the original aromas of the main grape varieties of the Loire.

PRESENTATION

Sulphur is a long-standing companion for the winemaker; it allows him to produce products with great stability over time and to develop great aromatic complexity, while keeping them away from deviant paths. It can, however, be perceived as counteracting the natural expression of the wine. With this cuvée, we decided to free ourselves from it in order to rediscover the original purity of the fruit without nature depriving man of his creation: the art of transforming the grape into wine. A cuvée full of fruit, intense and delicious!

LOCATION

The vines of the Touraine Sauvignon cuvée are located around the commune of Saint-Romain-sur-Cher, on the slopes of the Cher.

TERROIR

Sandy soil on clay.

VINIFICATION

Vinification followed without sulphur, with temperature control (17°C) to preserve the aromatic potential of the Sauvignon.
No malolactic fermentation.
